the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million (1990–1999) and is projected to increase by a further 1.5 million by 2010 (Office of National Statistics 2000).

There is a growing awareness of the need to develop strategies to meet the needs of the ageing population. The Department of Health (2000) has identified the need to develop a new approach to the care of older people, one that is based on the principles of partnership, shared responsibility and shared resources. This approach is based on the idea of a 'new partnership' between the state, the private sector and the community.

The Department of Health (2000) has identified the need to develop a new approach to the care of older people, one that is based on the principles of partnership, shared responsibility and shared resources. having fun  
is The key To learning

Learning does not have to be a chore. Sure, your parents have probably told you a thousand times how they walked five miles to school, five miles back, barefoot, and up-hill both ways! But now we have buses

and even coming to school can be fun. If you want to have fun in school, you can! Learning isn't restricted to a bunch of books and papers. It should be fun. Fun in sciences, band, art, and even anatomy! Here's proof . . .

After long hours of practice, the band finally gets to perform.

Choir retreat at Geneva Center.

Scott Tolliver, the chemistry experiment.

# Seniors '88' finally made it!

Class Officers  
Clockwise: Jeanne Anderson, treasurer; Renee Newman, girls representative; Steve Catherman, boys representative; Gretchen Glick, secretary; Carrie Stetler, president; Koula Tsahas, vice-president.

Many years have passed us by  
With people we have met,  
And all those friends that we have known,  
And times we won't forget.

Our years of study will avail us,  
It's a prelude to life we're told;  
Faced forward now, we long to see  
Just what the future holds.

Forget not, then, those many years  
That made us what we are,  
And face the future without fears  
As we reach for that star.

# 

## 

### 

Enthusiastic crowds lined the streets, in the distance sirens from police cars and fire trucks signified the beginning of the 1987 Homecoming parade.

It was my best homecoming and it was sad because it was my last."  
-- Carrie Stetler

The class floats were colorful and original in this years parade. The Juniors took first place with Ghostbusters' "Slimer" in slime the bombers,

They've always done well so I can't wait 'till next year."  
-- Mrs. French,  
Junior Class Sponsor

The Seniors took a second with the ever popular "Gumby". The freshman came in third with

Popeye the Sailor and last but not least the Sophomores placed fourth with "Pac Man".

Then marching down the street came the two best bands in the land. The Edison Senior High and Junior High bands playing our school songs.

The Seniors aren't Pokey.

top right: The Junior float "Slime the Bombers."

the land.*

# HOMECOMING: A difficult choice

**T**his year the selection of who was to become Homecoming Queen and King wasn't easy. All of the candidates well deserved the title, but unfortunately only one could be selected for each of the honors.

The candidates for Queen were Jeanne Anderson, Carrie Stetler, Stacie Childs, Hollie Varrington, Gretchen Glick, and Kelly McKitt-rick. All of the girls were excited and they all looked great, in colors ranging from bright

reds to sparkling golds. But in the end the winner was Carrie Stetler. She was crowned at half time during the "big" game.

The King candidates were Terry Zimmerman, John Bastin, Shannon Baldwin, Tony Foremski, Hyon Jin Kwak, and Mike Scheuer. The choice of King was just as, if not more difficult than that of Queen. But the decision was made and it so happened that John Bastin, aka "Bubba Bastin" was crowned King at the Powder-Puff/Anything Goes games.

The Homecoming Dance was

on the Saturday following the game. Ninety couples at-

tended and all will remember the night for years to come.

Jeanne Anderson escorted by Tony Foremski.

# HOMECOMING: *The crowning moment*

**T**he crowd is silent, the drum roll increases and as the candidates await the results, last year's Homecoming Queen walks onto the field wondering which lady will take over the reign as Homecoming Queen.

Finally, the queen has been chosen, and the lucky recipient this year is Carrie Stetler! As tears fill her eyes she expresses her joy by hugging her fellow candidates. Traditionally, as a

queen, she received a crown and bouquet of roses.

The night was filled with laughter and cheer for some couples, and romance for others, but for Carrie Stetler this was a memory for life, being crowned as the 1987-88 Homecoming Queen.

The Homecoming Dance was on the Saturday following the game. Ninety couples attended and all will remember the night for years to come.

# HOME COMING:

## *an action packed game*

Friday September 25th marked Homecoming night. The Edison Eagles played the Rensselaer Bombers. The fans were highly enthused! As the spirit showed, a

six foot blown up Gumby amused and entertained the enthusiastic crowd.

The score ended 0-22. Despite Edison's loss the Eagle fans did not let down their support for

their team. One of the players, Dick Gerlich, commented, "Even though we lost we did give it our best."

This year's game will be a memory for all.

Larry Chambers tries to throw a winning pass while Roy Adams blocks a Bomber.

Carrie Stetler smiles after being crowned Queen.

Coach Peterson gives encouraging words to Senior Ivan Fuentes.

# HOME COMING: the spirit of '88'

On Wednesday of Homecoming Week several events took place, Almost Anything Goes, the Powder Puff Football Game, and the Announcement of the Homecoming King, John Bastin.

Seniors and Juniors tied for

a first in Powderpuff, Sophomores taking 2nd and Freshmen taking 3rd. For Almost Anything Goes the Juniors took another first, while Seniors weren't far behind, coming in second. Sophomores and Fresh-

men didn't take any firsts but showed great spirit.

STOCK MARKET CRASH

GARY HART

**STOCK MARKET CRASH:** The Dow Jones industrial stock average dropped 508 points, the largest in history, on Monday, October 19. It stripped \$500 billion from the market value of U.S. securities.

**GARY HART:** Democratic presidential candidate Gary Hart was forced to drop his bid for the presidency after it was reported that he was romantically involved with Donna Rice. He later re-entered the race.

ROBERT H. BORK

**JIM AND TAMMY FAYE BAKKER:**

The well known TV evangelists said farewell to the PTL ministry. Jim Bakker resigned after confessing to a sexual encounter with a young woman. Tammy Bakker bowed out to undergo treatment for drug dependency.

**ROBERT H. BORK:** The Senate rejected President Reagan's nomination to the Supreme Court by a 58-42 vote, which ended a long contentious debate over the judge's record.

WORLD SERIES CHAMPS

WELCOME HOME

TOP ENTERTAINER

**WELCOME HOME:** President and Nancy Reagan wave to well-wishers from the South Portico of the White House. Reagan escorted his wife back to the White House. Reagan escorted his wife back to the White House from the Bethesda Naval Hospital where she underwent breast cancer surgery. Later in the year, she was honored for her anti-drug campaign. The program's goal was to create a "Drug-Free America".

**WORLD SERIES CHAMPS:** Kirby Puckett and Jeff Reardon of the Minnesota Twins celebrate their World Series victory over the St. Louis Cardinals. The Twins won the seventh and final game of the series 4-2.

**TOP ENTERTAINER:** Whitney Houston received honors as the top female performer. Bon Jovi and U2 were two of the top rock bands, while Randy Travis became an award winning sensation on the country music scene.

# TRENDS *what's hot what's not?*

Tom Cruise is one of the sexiest young actors around. Cruise's first major break through in acting began with *Risky Business*, although this was his first hit it wasn't his last. *Top Gun* was the biggest grossing movie in 1985 and probably his most successful. He was also a big hit in *The Color of Money* and Legend.

It is not likely that we've seen the last of Cruise. With his good looks and talent, he'll be seen in many more roles yet to come.

George Michael hit stardom in Wham! After Wham broke up, many people thought they'd never see Michael

again. But, his adoring fans wouldn't let that happen. Michael came out with a new album and look. His album, *Faith*, has given us many hits, like "I Want Your Sex," "Father Figure," "One More Try," and "Faith." As for

his looks, he is still one of the best looking performers around. With his unshaven face and leatherware, he'll be around for awhile.

Scott Tolliver portrays the perfect "skinhead" look.

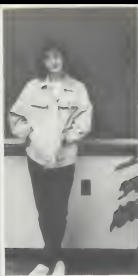

Ever popular Gumby was chosen as the Seniors theme for Homecoming. Gumby has been popular since his cartoon days.

Mitch Ferguson  
and Gumby.

Scott Tolliver

Kelly Thorne wears a denim jacket, which was a big hit this year. Along with jackets, stonewashed jeans, mini skirts, and shirts were big hits this year.

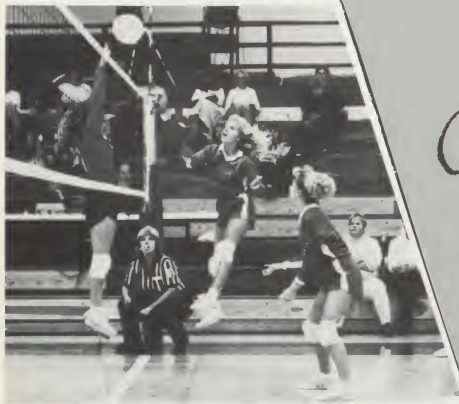

Bob Haigy wears a flat top haircut. Flat tops were very popular with the guys this year.

George Michael

Tom Cruise

Sports

So,  
it's like this...

Q: it's like what?

"Being in sports  
will even bring  
your grandparents  
to watch."

--Brian Harmon

# it's getting better...

## VARSITY FOOTBALL

Our Edison High School coach Peterson said, "Our team struggled offensively. They could not score many points." He also said, "They should move the ball more. Although they tried, he enjoyed the season."

John Masson, one of the football players said, "The football team wasn't too good, but I enjoyed playing on the team."

Tim Catherman felt they had their ups and downs this season. The coaching was good, but we played as individuals instead of as a team. He hopes next season is better.

Adrian Jen-

kins said, "The next season should be better. Now we know what is to be expected."

George Fields was feeling they went through a very abusive year, but they stuck it out. This year coaches are trying a new look to our offense and defense. He also added, "I felt

our team did a good job putting

On the other hand, Justin Frizzell said, "The football team didn't have a losing season, we had a learning season. We were a young team who had to learn and get experience from older players who took their work seriously." His feelings are that next year will be a different story.

# FROSH FOOTBALL

## a 'fresh' start...

The frosh football coach Mr. Standford had good things to say about his team. He would like to have improvements and a large number of players trying out for the football team. They had only twelve people out for the team, but they gave it their best shot. The score against Hammond, the last game of the season, was 14-6.

Their best play was the tail back pass which really helped the team out. This year they had their ups and downs because of the limited number of players. Next season he hopes to have more players out for the team.

One student added, "We are young and we look up to the older guys. They showed us a lot and we

realized that losing is not necessarily a bad thing. We learned a great deal from the mistakes we have made." He felt the coaching was good and he expects a better season next year with experienced help from the varsity team.

#14 takes off to avoid the pursuing Ingots.

Roy Wilkerson tries to rush through the Ingot forces.

# VOLLEYBALL : winning season due to girls working together

The Varsity Volleyball team played exceptionally well this year. With a season record of 21-6. All the girls agree it was an exciting year.

When asked about the season Wendy Colburn and Gretchen Brett replied, "It was fun, the team worked together

as a whole, not as many separate individuals.

Some of the highlights for the team were winning the game against Washington Township for the second year in a row and setting a new school record for the most wins, twenty-one. Don't forget how they beat

Andean twice in one year, especially in the first round of sectionals. They were down 16-3 in game one but they came back to win 21-19 in overtime. Then in game two they easily won 15-7.

Another exciting, but close game was when

they beat Hammond Noll in overtime 16-14 at the last regular season game on Parents Night.

The team had an eleven match winning streak. They strived to victory time and time again with the help of enthusiastic fans.

# BOYS TENNIS: *Team gets tough*

The tennis team individual success was overwhelming. Mike Halkitis and Joey Fazekas' year was spectacular at #2 doubles with a record of 11 and 2.

The whole season was very impressive with a win-loss record of 12 and 5. Although they lost against Horace Mann 3-2, in sectionals, they beat them 4 and 1 throughout the season. Tommy Gibson's record was 12 and 5 at #1 singles. Steve Catherman was

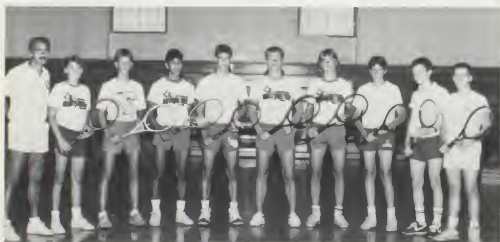

11 and 5 at #2 singles.

Although Mike Halkitis feels that doubles didn't do as well as they should have, he felt they became stronger toward the end of the season and won the important matches.

Dan Ellenburger and Cecil Farmer are up and coming players to watch. With 6 out of 7 returning lettermen next year, the team should be playing their best.

# CROSS COUNTRY: an uphill battle

The Cross country team finished the season with a 3-9 record dual.

Jose Pena concentrating on the race.

Coach Close says that "We have a young team with no Senior runners. The team was lead by four Sophomores. Due to the sick-

ness and injuries it kept us from a few victories.:

Even though they only won three races they gave it their all in every meet.

Here are several views of the team by some of the runners: "We did pretty well considering we were a young team," Sophomore Mike Bardsely stated. "The team did ok. We could have done better if we pushed ourselves more," said Junior Brian Ward.

The highlight of theyear was when they finished fourth in conference beating North Judson and River Forest, placing two runners, Jose Pena and Tom Alicea in Honorable Mention. They also finished exceptionally well at the Lowell and Boone Grove invitionals.

# CHEERLEADING: it's more Than meets the eye

Cheerleading is more than a bunch of girls in short skirts jumping around and cheering. It's hard work. Senior Carrie Stetler said, "It's hard

to enthuse an un-enthusiastic crowd."

According to the cheerleading coach Miss Shively, the team has made a lot of changes this

year. For one thing, there are more yell guys and the girls' attitudes are also much improved. They've been very innovative and

have really taken the initiative. "It makes it all worthwhile," she says.

Keep up the good work girls!

Gretchen Brett cheers wildly at the football game.

# VARSITY BOYS BASKETBALL: a high advantage

The Boys Varsity Basketball team had some of their hard work pay off this season, finishing with a record of 8-13.

Aaron Bentley, Brian Swisher, Steve Catherman, and Robert McCafferty really gave their all to the team. They were very enthusiastic while playing the game.

One player

who should be mentioned for his outstanding accomplishment is Danny Stevens. He has reached the 1000 point career mark this season. Danny has also been ranked as Northwest Indiana's leading scorer.

All in all the team did well this season.

# WRESTLING: sectional champions

The Lake Station Eagle Wrestling Team had an undefeated dual season this year, making it their third consecutive undefeated season. The team record was 11-0 dual. The team had three goals, they were; 1) to win first place at conference, 2) to go undefeated, 3) to win sectionals. They achieved all three. The head

coach, Mr. Dorulla said,

"The team had a terrific season and we achieved all of our goals. I wish we could have done better at Regionals though."

The team did very well at some tournaments, placing 5th at Lake Cen-

tral, 4th at Calumet, and 5th at Crown Point.

I was proud to be on such a great wrestling team I hope we do better next year.

--Tom Alicea

The team will be losing five Seniors, everyone else will be coming back next season.

# all 'fore' one and one 'fore' GOLF all!

The Edison Golf team put up a good fight this year. With a season of 6 wins and 9 losses, the team started slowly, but finished strong. Coach Peterson stated, "It was a good season, and I really enjoyed working with the team."

Gus Papa-georgekis was the MVP of the year, and Tony Bickett was the low scorer. Coach Peterson also said that there were some good freshmen and sophomores coming back next year. As for a final comment from the Coach, he says that Jim Pysh will be missed greatly.

# BOY'S TRACK: a winning season

This years boys track team had a final record of 11-4. Coach Stanford was very pleased with the individual progress of the team. Mike Bardsley, Cecil Farmer, Robert Mc-

Pat Low concentrates on the race.

Cafferty, Joe Fazekas, Jeff Mitchell, Eric Brett, Bill Dingee, Derrick Messer, Chris Swider, and Tom Alicia were some of the outstanding team members.

The team placed 4th in

conference and did well at the Lowell Invationals.

Coach Stanford was surprised at how well the team worked together. Almost all of the

team lettered this year.

Coach Stanford predicts that the team will do as well, if not better next year is they work as hard. Good Luck!

# GIRLS TRACK:

## leaders of the pack

Although the season may have gotten off to a bad start, the girls showed a lot of spirit and gave the team all of their hard work and effort.

Just because the team was discouraged by the loss of their first meet, they didn't let it effect their

performance. The girls put forth all their energy and determination to win their next two meets.

Even though everyone had hoped for a better season, the team didn't do so bad. They managed to win two meets and they placed well at the triangular.

# BASEBALL '88 *wing into action*

So far this year, the baseball team has a record of 6 and 7. It has been a much improved season from last years record which was four wins and twelve losses. The down-fall last year was too many errors. Coach Hepp plans to work on that this year. When asked how he thinks the season will go, he said, "It would be improved from last year." A contributing factor to that will be the fact that more

sophomores will be starting instead of freshmen.

Although they need to improve on their hitting and defense, pitching is their strongest point. Some of the more promising are Melvin Hammonds, who has won 5 games, Brian Swisher and Dennis Murray. Some of the most improved players are Ron Vucson, whose average is 362, and Dan Ellenberger, with an average of 340 and 11 R.B.I.'s.

# GIRLS TENNIS

on The ball!

Judy Guess concentrates as she returns the ball.

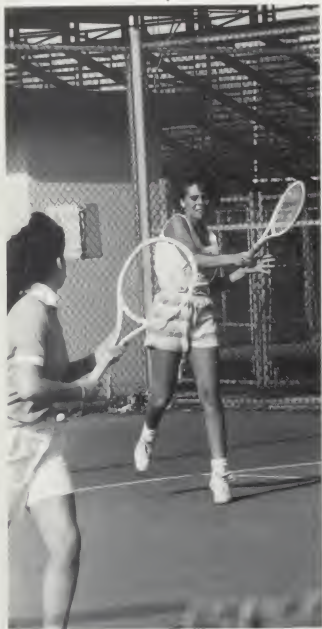

Coach Hayes, Hollie Yarrington, Kelly McKittrick, Judy Guess, Carrie Stetler, Jeanne Anderson, Jennifer Mora, Wendy Colburn, Selena Pustic, Kelly Watson, Cyndi Padron, Vickie Fraley.

Carrie Stetler serves and hopes to win.

This years girls tennis was one of the best. Their final score for the season was 15-3. They were in the Lake Station invitational and were also in the Highland sectional, which they won. One of the highlights of the season was Hollie Yarrington, who was 19-1 for the season. Judy

Guess was at #1 singles with a record of 14-6. The seniors really pulled through for the team. Sophomores Jennifer Mora and Wendy Colburn received letters for their terrific efforts on the team.

Over all, the team had a great season, said Coach Hayes.

Organizations

it's like this...

Q: it's like what?

"Organizations are the best because everybody is like one big family."  
--Jeff Henley 10th

"Organizations are fun because there are things to learn, places to go, and always something to do."  
--Angie Bruks 10th

# CONTEST: a record year for band dept.

It was a record year for the Edison band in '88". With more people than ever going to district contest, we ended up with 54 firsts and 9 seconds. More than ever before. 35 people went to state, and 21 got firsts there.

The band is eventually becoming involved in more and

more. Last summer, they went on a trip to play in the Bahamas and Disneyworld. But a lot of the students agree

that the highlight was playing on the cruise ship they rode on between Grand Bahaman Island and Florida.

**Flag Corps:**  
Tonya Maupin,

Jim Pysh, Gus  
Papageorgekis,  
Pat Baumeister.*

# CHOIR *right on key*

The main object of the vocal music department is group effort and achievement on a common goal. While building a better sense of expression through music, the main purpose of the Choir class is to recreate what the composer has put down on the paper and enhance it with your own interpretation of what the song means.

Similarly, all people do not have the same taste in music. For this reason, song selection for the choirs included a wide variety of music, so there was something to please everyone. While some members enjoyed singing the popular tunes, others favored the challenge the older pieces presented. All songs, however worked toward reaching the same goals; these included developing voices and learning music reading skills.

# HONOR SOCIETY and STUDENT COUNCIL *achieve most of their goals*

Honor Society and Student Council are two organizations that anyone would be proud and honored to be a part of. It takes lots of hard work and devotion to achieve such a great honor.

On March 3rd, 18 students were inducted into the Honor Society. The highlight of the event was a speech given by Mayor Carl Miller.

In order for students to be inducted into the Honor Society they must show that they have good qualities in scholarship, leadership,

character, and citizenship. They must also have a grade point average of at least 3.0.

This year the Student Council brought changes to our school.

Some of the many things they have done are put in a jukebox in the cafeteria, and sponsored the Lock-In, which were both a big success.

Many of the students enjoyed

food, music, basketball, and movies as well as many other activities. Mr. Krieger commented that the students were very well behaved and he was proud of their conduct.

**Honor Society:** Anderson, Stetler, Urbanek, Watson, Childs, Rossi. back row: Menefee, Glick, McKittrick, Kwak, Pysh, Lea, Baldner.

# DECA The future looks bright!

*Wm*

What is Deca? Technically, it is Distributive Education Clubs of America, but it's more than that to the members. Deca is a family all working for success.

This year was one of the best for the Seniors. Mr. Kincaid knew this was a special class when they won district sweepstakes last year. This year, several Deca members

qualified for Nationals. The four Seniors were Stacie Childs, Jeanne Anderson, Chris Gilmore, and Kathy Niderman. This year, it will be held in Salt Lake City, Utah. More people qualified for Nationals this year than ever before.

As for next year, Mr. Kincaid speculates it will be another successful year!

Dave Oldaker and Hyon Jin Kwak spend their paychecks on candy.

Stacie Childs serves you with a smile.

**Deca Members:**  
front row: J. Anderson, G. Juarbe, K. Tsahas, T. Blatz, K. Nederman, A. Delbrey, G. Parker. middle row: K. Thorne, S. Childs, B. Urbaneck, M. Halkitis, H. Kwak, C. Galbraith, P. Lea, A. Fry, B. # NEWSPAPER STAFF

## *creative minds at work*

Being on the Newspaper Staff means:

1. deadlines
2. interviews
3. working together
4. always thinking of new and interesting ideas for articles.

In Eagle Feathers, there's your monthly articles such as "Dear Bertha" who solves frustrated students problems. We

can't forget sports, ranging from tennis to football. Our newspaper's very own "Siskel and Ebert"—we have our thumbs up or down on newly released movies.

Current events in and out of school also add interest to the paper.

The staff works good together which makes the class enjoyable.

Ms. West. back  
row: Mr. Dobrich  
not pictured Diane  
Smith.

# YEARBOOK we made those

The Yearbook has had a lot of changes this year. Seven of the eight people on the staff are new. Also, there has been a lot of new features added. Such as an index, a trends page and others. Each member of the staff gave a quote on what they thought of class.

Stacy: As editor, being a part of the yearbook is a challenging experience.

Lisa: Yearbook is a real fun experience. Everyone works well together and gets along great! We all work hard to reach our goal. I think it's great how we have tried to make this the best yearbook ever. I'm happy to be a part of this class. I also love the position I hold as Co-editor.

Tom: Yearbook is like good luck, when it happens, it happens all at once. Everybody thinks it is an easy class but it isn't, it is very hard work, and no one ever thanks the yearbook staff.

Candy: This year there are a lot of good changes in the yearbook. Besides the improvements in the book itself there's a sense of pride and

accomplishment (ugh!) among the staff. Everyone gets along great and we work real well together.

Vicky: Yearbook is an experience worth working for. The staff this year really enjoys their work. Sure we have fun too, but we are dedicated to our assignments and make sure that our fun and games are left for after our deadlines have been met.

Melissa: I think that yearbook brings us (the staff) together. We're all working towards one goal, to make this the best yearbook Edison has ever had. We're like a family because we have been through so much, rushing for deadlines, tearing apart layouts, and mainly just helping each other out during crucial times. I'm proud to be on the staff.

Erika: Yearbook is a class where you have to be friends. (or at least get along) There's always something to do. But the most fun is being able to get to know someone well enough to give them a nickname. For

example: Miss West- Vera, Lisa: TFC, Tom- MCP (male chauvanist pig), Maria- Miss foto mat.

Maria: Being the school photographer is sometimes crazy, hectic, and nerve-wrecking when everybody you walk by is grinning ear-to-ear, hoping you will take their picture! Well, whether I took your picture or not, I hope I've made some lasting memories!

Miss West: I have really enjoyed working with this year's staff because they are very energetic,

## changes

dedicated, and always fun to be around. Our goal has been to change and improve the book. The best part of it all is that the staff cares and takes pride in their work. I feel that this year's group really has something to be proud of!

As you can see, we share most of the same views. But everyone has to work equally hard to make a good book. That's what makes the class fun and the book unique.

Co-editor Lisa Crawford finishes her layout as Miss West looks over the class.

Yearbook Staff: Melissa Campbell, Stacy Spears, Lisa (TFC) Crawford, Candy Peller,

Maria Halkitis, Vicky Saffrahn, Tom Alicea, Erika Zerza, advisor Cindy West.

Typist Vicky Saffrahn takes a break to hang snowflakes in the yearbook room.

# A DAY IN DEMOCRACY

## student government day

Annually at Edison Senior High School, a selected group of Seniors participate in Student Government Day.

This year on March 23rd the clerk of the circuit court of Lake County provided us with a voting machine for the elections. The students were taught how to use the

machine and voted for the candidate of their choice.

On April 7th, students met at City Hall to be welcomed to the city by the mayor as they replaced the various city officials.

The rest of the day consisted of a tour of the city, a luncheon with the department heads at Muffoletto's, and

each student spent the day with their respective department heads.

Mayor- Tony Foremski

City Council-

LIP SYNC Temptations take  
first with 'my girl' *mm*

The fourth Lip Sync Contest was as big a success as ever. There were a wide variety of acts including ACDC, the Beastie Boys, Pink Floyd, and Atlantic Star.

But the winners turned out to be 5 young men portraying the

Temptations. One of the best acts came in second, Pink Floyd (the Wall) which was organized by Shawn Wheeler, and made the audience roar. In a close third was Eric B. & Rakim singing 'Paid in Full'.

Joanne Griffen dances to the beat of 'Love is Strange' from the movie Dirty Dancing.

Dan Ellenberger sings his heart out as his group takes first.

Wendy Colburn and Gretchen Brett portray Atlantic Star as they sing 'Always'.

Vince Colburn readies his keyboard for the climatic finale of 'Union Carbide'.

# PROM '88 The Time of Their lives

On May 21, over 75 couples attended the Junior-Senior Prom at the Spa, in Porter Indiana. The theme for this years prom was, "I've had the time of my life", Which was the sentiments of many of the couples attending.

The doors opened at 5:30 and dinner was promptly served at 6:00.

Dinner included prime-rib, brocoli, twice-baked potatoes, and mud-pie for dessert. The Grand March started at 7:15. After that, the dancing began! If couples didn't want to fight the crowd on the dance floor, they could enjoy the scenery on the balcony. Thanks should go to the Juniors for making the night so enjoyable.

Tracy Szwajkowski and Michelle Wickham enjoy dancing.

Jeanne Anderson and her date sit one out.

Angie Bruns and Rich Sizemore enjoy the outdoors and each other.

Prom goes line up for the Grand March.

Kim Williams and Sonny Poskie smile for the camera.

GRADUATION Today is the  
tomorrow we dreamed of  
yesterday . . . .

Two thumbs up  
for graduation.

Seniors await  
the real world.

**D**uring the school year, as you passed fellow Seniors, you may have noticed a look of indecision on many of their faces. The time is upon us to decide what we will do with the rest of our lives. Some of us will go to college, others will look for a job or go into the service, while some just take it easy for awhile! Whatever road we will journey in life, the important thing to remember is our attitude towards others. Hopefully we will carry a sincere understanding of others.

When the Seniors walked up

to receive their diplomas, only memories of our school remained. No more jokes about the cafeteria food, no more begging the teachers to let us by for being (more than a little) late. Class officers will no longer have to worry about raising money for post prom. Getting a date for the dances will be a reminder of happy times.

We can't forget ditching on test day, only to give ourselves a regrettable experience. Cramming for exams will be one less headache we can all do without.

The look on the faces of the athletes after a victory will always leave us with a sense of pride. On the other hand, the agony of defeat was just another step in helping us cope with realizing that things don't always come out with flying colors.

No longer will we get on the teacher's nerves by whispering about what happened on the weekend while interrupting class.

We took for granted so many things, like getting the car from our parents because we just had to go to the school games or out on Friday night. We

will no longer have the security of high school.

Soon we Seniors will be considered adults and will have to fight for our place in life.

I feel our teacher's have contributed much to the students at Edison each in their special way and will be remembered for years to come.

It all passed so quickly. Edison was our school, but no longer. New faces will take our places and the never ending cycle will continue.

I would like to take this opportunity to wish all my classmates the best of luck in the future.

-Stacy Spears-

# SENIOR SOVEREIGNTY

## Model Seniors:

Jeanne Anderson and  
Phil Lea

## Most School Spirit:

Launa Lawson and  
Gus Papageorgakis

## Most Likely to Succeed:

# SCHOOL BOARD AND ADMINISTRATION changes in staff

One of the many changes that has occurred this year at Edison is that Mr. Korpak now is not only the Junior High

Principal but also the Senior High Principal. Now she has twice the responsibility that she had before. Edison also

added another staff member, Mr. Panazzo. He took on the position of Assistant Principal, to help Mr. Zurcher.

Assistant Principal

Mr. Fritz  
Pupil Personnel  
Director

Mr. Campbell  
Counselor

Mrs. Edgecomb  
Counselor

Mr. Georgion  
Liaison Officer

Mr. Panazzo  
Assistant Principal

# FACULTY *mr wilson writes a book*

Mr. Wilson, a teacher here at Edison has written a book on Indiana. The reason is because he says that there wasn't enough information previously written about Indiana. He figured that since he had been collecting information about our state he might as well put it into a book formation.

The topic of Mr. Wilson's book is topography of Indiana. It discusses how the Ice Ages have affected Indiana. It also discusses the history of the landscape and Great Lakes region information.

"During my tenure as a teacher of Geoscience at Edison High School, I have tried to en-

list in my students the desire to understand, and the ability to reason. Logical reasoning is the surest way to overcome the unknown. The best aid to reasoning effectly is having the knowledge, and an understanding, of the things that have previously been determined, or discovered by others.

Having an understanding of the reasons things are the way they are, and how they got that way, can help an individual to utilize his resources more effectively."

Mr. Mann conducts the E.H.S. band.

# SUPPORTIVE STAFF They lend a helping hand

## The Trustee:

Leaps tall buildings in a single bound, is more powerful than a locomotive, is faster than a speeding bullet, gives policy to God.

## The Superintendent:

Leaps short buildings in a single bound, is more powerful than a switch engine, is just as fast as a speeding bullet, walks on water if sea is calm.

## The Assistant Superintendent:

Leaps short buildings

with a running start and favorable winds, is almost as powerful as a switch engine, is slower than a speeding bullet, walks on water in an indoor swimming pool, talks with God when special request is approved.

## The Principal:

Barely clears a Quonset hut, loses tug-of-war with locomotive, can fire a speeding bullet, swims well, is occasionally addressed by God.

## The Assistant Principal:

Makes high marks on walls when trying to leap tall buildings, is run over by locomotives, can sometimes handle a gun without inflicting self-injury, dog paddles, talks to animals.

## The Teacher:

Runs into buildings, recognizes locomotives two out of three times, is not issued ammunition, can stay afloat with a life jacket, talks to walls.

## The Student:

Falls over doorstep when trying to enter buildings, says look at choo-choo, wets himself with a water pistol, plays in mud puddles, mumbles to himself.

## The School Secretary:

Lifts tall buildings and walks under them, kicks locomotives off the tracks, catches speeding bullets in her teeth and eats them, freezes water with a single glance, She is God.

Under

# Classmen

it's like this...

Q: it's like what?

"Being an under-classmen is like being a rock-n-roll player in a blues band. You never fit in."

--Lisa Turner 11th

"Being an under-classmen is like climbing a mountain and you haven't reached the top yet."

-- Chris Low 10th

# JUNIORS almost at the top

## PARKER hits the right note

Everybody has talent and one person in the Junior Class that stands out is Gina Parker.

She has been taking piano for eight years and she goes once a week for lessons.

When she first started out she went to a woman in Hobart for a couple of years. Then after that she was

taught by a lady in Gary for a few more years. But now Gina goes to Valparasio University. She has been going there for three years.

!! Mrs. Emery, at Valparasio University, has really inspired me. !!

Besides playing piano Gina also plays the clarinet but she says she likes playing the piano better. She also mentioned that she can play the keyboard but not as well as the piano.

Gina has accompanied the Edison choir since her seventh grade year. Many of

the students have heard Gina play and she does an excellent job. Keep up the good work Gina.

# 6 TOP THINGS TO DO WHEN YOU'RE A SENIOR

Being an underclassman sometimes stinks but there are several reasons why one should stick it out until their senior year. These are some of the items that one could look forward to doing in that last year of

school.

1. Dismember (or at least work over) about half a dozen freshmen.

2. Read "MacBeth" and "Hamlet" aloud in English IV and mispronounce all the long words.

3. Get a bizarre haircut and wear it with pride.

4. Take all blow-off classes and go home after lunch. Never do your homework.

5. Apply to all colleges on the absolute deadline.

Dazzle them with your essay about the cultural experiences of living in Lake Station.

6. When you order graduation announcements make up a false middle name like Percy, Hortense, Grizelda, or Mortimer.

Franchville, Lynn  
Gajewski, Bob

# CLOSED CAMPUS

*changes made during the*  
*"87-88 school year*

Remember those days when Seniors asked each other, "Do you think we should go get pizza for lunch? How about Burger King instead?, etc.?" Well, it seems those days are over. Closed campus has become a reality.

Closed campus went into effect the 1987-1988 school year. Principal Mrs. Korpak says the reason closed lunch hours began was: "It's hard to only let Seniors go out and make sure the underclassmen re-

main on campus. Also, we feel, 30 minutes isn't enough time to go out to lunch."

Senior Melissa Howell says, "I think it's a privilege to go out to lunch and I wish Seniors could still

have open campus. I'm glad to say, however, that my class was mature enough to accept closed campus, I never heard of anyone sneaking out!"

# 7th HOUR BLUES

## just a few more minutes

2:51 pm-

"Miss West, what time does the bell ring? I wanna go home!" I hope, no I pray that it is soon.

"2:56" she curtly replies and continues to diligently grade some more papers which would have been done had she not went to that party for Diner Club members that lasted well into the early morning.

Thank God! Only five minutes. I close my book and stop working on the assignment. What a mistake! Now, time begins to crawl.

I look around the room. Over half the people have their heads down and are fast asleep. The others just sorta stare at the wall, or the ceiling, or out the window.

2:52 pm-

Four more minutes. Heck! That's not too long! Why does

it seem like forever? How's that old saying go? Time flies when you're having fun? So . . . What's fun? (Well . . . what's fun that I can do at school!)

Tic-tac-toe?

Nope, need two people for that one. I guess that eliminates hangman, connect the dots, break the pencil leads, paper football, or any of those other two-man time fillers too. Oh well!

What about solitaire? That's a one man game. Rats! No cards. Not too fun anyways. Solitaire's just a game you play at relative's houses when all the parents are talking and you're bored out of your mind. "Here . . . play a fun game of solitaire" Aunt Hazel says. Yeah right! Gimme a break!

2:54 pm-

Three down, two to go! Is that minutes or hours? Thank God for the

clock or I'd never be able to tell the difference.

The rest of the air-heads are now asleep. Now all that is left is a room full of sleeping beauties. (so to speak!) I look up and even Miss West has her head down and her high-pitched snores are barely audible.

I could just leave. She'd never know! All that is going through her mind now is her new apartment, or her new car, or her new wardrobe, or some gorgeous hunk of a life-guard, with a tan body and bulging biceps, rescuing her from the water at her local beach, or whatever else women dream about. That's probably about it.

2:55 pm-

I see a classroom. It looks like this one, but not exactly. The teacher is no longer Miss West.

It is a man. He looks German and has a small moustache just under his nose. The kids have pained expressions on their faces. They all cringe as the pseudo-teacher says "You'll never get out! You're stuck here forever! Journalism, till you're blue in the face!" He cracks a fierce whip over our heads. Is it only a dream? Sometimes I wonder.

Everyone around me is still asleep. Their snores, wheezing, and breathing play a soft melody in my mind. Sort of a lullaby effect. My eyes begin to get heavy. Suddenly I feel so tired. I have trouble keeping my eyes open. . .

2:56 pm-

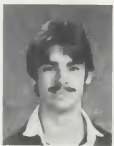

Brrrrrrggg! The bell finally rings. He remains sound asleep as the rest of the class exits quietly.

# A BIG LAUGH

## just kidding around

If you look around EHS these days, you'll find that laughter is a craze. Many students are doing it and you can to! But don't let a teacher catch you doing wrong. Because you'll get

a detention and to the office you will go, but please don't forget I told you so. Laughter is fun, it's relaxing, and keen. Laughing is inevitable if you know what I mean! There is no crime

to laugh because it's free. People are doing it even you and me! Laugh is the word so keep this in mind, whenever you're upset and your boyfriend is unkind, when the time comes to laugh don't

chuckle or snort, they might send you right down to the Lake Station Police! Your teacher may not approve of this mistaken pun so one day let it all out and have some FUN!

# SOPHOMORES

a step higher

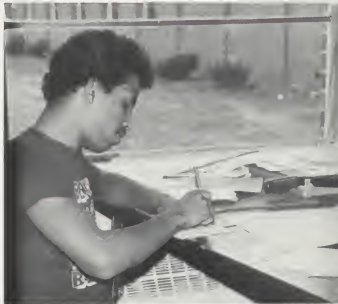

## outstanding student

Sophomore Tom Alicea is one of Edison's brightest and talented students. In addition to Cross Country, Wrestling, Track, Freestyle Wrestling, and being on the Yearbook Staff, he is one of the most intelligent students to attend Edison.

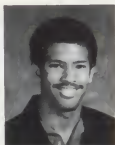

Some of Tom's favorite hobbies are building models, reading, watching television, and keeping in shape. One way he helps to stay in shape is being in so many

sports. But don't let him fool you, he's also in those sports to have fun! He is a three sport letterman in Track, Wrestling, and Cross Country.

His future plans are to go to Indiana University, Bloomington, to become a surgical doctor. Edison is very lucky to have such a great student.

# MUSIC! lunch hours improved

Our school had some nice changes just before Thanksgiving; we got a jukebox!

A few years ago, there used to be a jukebox here. Students asked Mr. Krieger, student council sponsor, if we could have one again. Later, the student council

talked with Mr. Loscaro about it, and he contacted a company, which rented jukeboxes.

So far, there hasn't been any problems with the music in the cafeteria. It is a very nice change for all of the students.

The music is pop/rock, which most of the students like, and the company arrives regularly to change the music, so there is a good variety.

Some students said, "It's nicer in the cafeteria now, since the jukebox came.

Or they think it's alright, but they should have more heavy metal. One smart-alec kid said, "It's very nice, now we are waiting for the pop machine." Unfortunately, some things never change, but as for now we can only hope.

# SCHOOL CHANGES

## new faces in the crowd

Changes have been taking place at Edison this year. Mrs. Korpak is now the principal for both the high school and the junior high school.

Mrs. Korpak enjoys being principal of both and says, "I really like it, and I enjoy working with the high school students."

There is only one prin-

cipals' office now, which makes more space for other offices. For instance, there is now a separate attendance office for Mrs. Glover, a counseling office for Mr. Campbell, and one for Mrs. Edgecomb, who "Simply adores having an office with a picture window." There is also a conference room,

and a different location for the nurse's station.

These changes make it a lot easier and provides more space to work in. Having the Sr. and Jr. High joined also brings the students together. This way there isn't such a separation in the activities of the school.

# SPRING BREAK "88"

fun in the sun

As soon as school starts, Spring Break is on everyone's mind. Unlike Christmas Vacation, Spring Break is a chance to relax and enjoy yourself outdoors. With the temperature in the 60's and 70's and the sun shining, who stays indoors? If you're lucky enough, you might be able to go on a trip.

The most popular vacation spot is Florida, of course. Teens go to Florida for many reasons, to get a tan, to meet that new "special some-

one," and to generally have a good time. For those who aren't fortunate enough to go to Florida, there are many other places to go. Some go to California or visit relatives in different states. And then there are those poor unfortunate people who have to stay in Lake Station. But, they try to make the most of it.

Spring Break is the best time of the year to go out and meet people.

Bob Haigy and Rich Zieba are enjoying

their Spring Break in Daytona.

# HONOR SOCIETY *role models*

In March, the Honor Society held the induction ceremony for the newly chosen members.

Mr. Wilson, the sponsor for the last three years, says, "It is enjoyable being able to work with and be around the type of people in Honor

Society. They are knowledgeable and willing to serve their school."

The new members are: Seniors Launa Lawson and David Sweeney; Juniors Julie Via, Mike Halkitis, and Lennie Drake; Sophomores Eric Lind, Gretchen Brett, Mike Drake,

Wendy Colburn, Tom Alicea, Cindy Gutierrez, Jeff Henley, Connie Edwards, Michelle VanVleet, and Jesse Jans.

Honor Society itself is to recognize those students who have proven that they are loyal to their school and

community. It recognizes them with outstanding achievement, which would be a "B" average (3.0). But making the grade is not all that matters. Other qualities that must be shown are leadership, character, and service.

# FRESHMEN

starting  
The climb

will it ever ring?

Waiting and watching  
Watching and waiting  
Sitting and wondering  
Even debating

What should I do  
Or should I just think  
I get more bored  
With every blink

As I sit here  
Time crawls by  
It goes so slowly  
I can't understand why

Games to play  
Sure, there are a few  
But for many of them  
It will take two

If only I could do as others  
Put my head down and sleep  
Then time would fly by  
Instead of just creep

My bottom is aching  
From sitting so long  
I look at the clock  
It has to be wrong

Eventually the bell will ring  
And I'll leave this class behind  
But for now, I'll just sit  
And go out of my mind

# FOREIGN LANGUAGE *parlez vous francais?*

Parler vous francais?  
Ah bien, moi aussi...

Why are students taking a foreign language? Is it only because some colleges might ask for it?

For a lot of people, a second language can mean a chance to get a better job. A wider education gives more opportunities for a career, whatever you chose to do.

If all students, everywhere, took a foreign language, maybe the world problems would be better understood. Because when you study a new language you also study a new life-style, new ideas and maybe a new religion.

To sit in a group of people, and have no idea of what they are saying makes you

feel very lonely and left out. A lot of racism might exist because of fear. The fear to be different and unusual.

In most European countries English is required at school. The European countries have so many different languages, but the English brings them together.

To take Spanish in American schools should be very motivated to since so many people in the U.S. are spanish speaking.

Even if it can be both hard and boring to work with spanish or french now, you're never going to regret it if you've learned a foreign language.

# STUDENT LINGO

The "moley's" at E.H.S. speak a language of their own. . .

"yeah, sure pal!"

"The situation is . . ." to understand them you have to be "Diseased!"

If they don't watch the back talk they'll wind up in a mess.

"Surely you jest!"

Mr. Levenda with his beard looks like a coyote if you get on his bad side he'll call you a "Deep River floatie!"

"Surely" you must know it's the end of the year "So let's role".

# LOCK-IN *allnighter*

Edison was ready for the Lock-In as the last of the permission slips and orders for T-shirts were turned in. On Saturday, March 12th between 8 and 9 pm over one-hundred students came to Edison with their pillows and sleeping bags, to experience school from a different view. Having spent one night at school would be something

to remember.

This would be a night that many parents wouldn't have to worry or stay up late wondering where their sons or daughters were, because they would be in the security of the school.

Students had a choice of what they wanted to participate in. Some just wanted to socialize. Others played volleyball,

basketball, ping-pong, card games, listened to music, and watched movies. Only a few students fell asleep.

Pizza, pop and snacks were set out for anyone with an appetite.

Being in school was an experience in itself.

As 5 am arrived the Lock-In started to come to a close,

by 7 am everyone was cleared out.

Thanks goes to the Student Council who organized this event, and to the chaperones who lost a night's sleep, especially to Mrs. Korpak, Mr. Zurcher and Mr. Pinazzo.

Since this was the first time Edison has had such an event, that turned out so well, we hope to have many more.

# MOST EMBARRASING MOMENTS - has this happened to you?

Most everyone has had an embarrassing moment or two. We, the yearbook staff, got some people to tell us theirs. Stop for a moment and think of what yours have been.

I attempted to very easily sit down on a lunchroom chair when my girlfriend decided to pull the chair away as I fell to the floor. -- Herb Podenski

Once I was wearing white pants and painting with green paint and I ended up with the paint right in the front of my pants I had to tie a coat around my waist for the rest of the day. -- Joe Kietzman

In sixth grade my skirt fell off of me outside during recess. -- Melissa Campbell

In eighth grade I was playing football with the guys

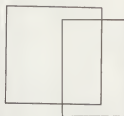

and they ripped my shirt off of me. -- Melissa Ross

When I was five years old I was at the Southlake Mall balancing on the edge of one of the fountains when an obese lady walked past me and knocked me in. -- Tom Alicea

When I threw the basketball out of bounds and hit the backboard, which turned it over. -- Wendy Colburn

In the 1987 homecoming festivities we were doing the egg toss and I threw the egg to my partner and it broke, and as I was walking off the field my partner came up behind me and wiped the rest of the egg all over my face. -- Chris Low

When my pants ripped in the back and I had to wear a coat all day. -- Mr. Dobrich

# DAYDREAMERS *staring into space*

John Doe sat during the chapter review staring out the window. The minute hand on the clock above the door stood perfectly still, and every time he checked the time, John sank further into his own world full of distracting thoughts.

Suddenly, he noticed the room was completely

silent. A cold feeling of impending doom crept up his spine. He looked around and saw 30 smiling faces waiting expectantly. Apparently, he'd been called on. There was no way out of it. He turned to the front of the room, after realizing a mad dash for the door wouldn't work,

and met the teacher's icy stare.

Most teachers agree that keeping students involved is the key to an interesting class. If somebody does start to daydream, most teachers try to talk to the guilty party after class, rather than embarrass anyone in front of all their classmates. There are, how-

ever, a few exceptions.

The majority of the students admitted that paying attention in class was not an unreasonable request. Judging by the number of students who spent entire class periods staring out the window; however, the task was harder than it sounds.

To Sara,  
I'm gonna  
miss ya, so

don't forget to write! Someday  
we'll go meet Buster! together, I love you  
Dewey! Love Kelly

GRAFFITI

SNAP

DEAR FRIENDS,

"Miss Foto-Mat"

I'M GUNNA MISS YOU SO MUCH  
SO PLEASE WRITE ME.

KELLY AND DUKE, CALL WHEN  
YOU NEED A M..., OK!

MELISSA, YOU'D BETTER  
STOP BY WHEN YOU'RE IN  
LONDON!

TAKE CARE AND HAVE FUN!

LOVE, SWEDE

PS! TINA, BE A GOOD FOREIGNER!

Bwan, SPEED, FILER

EFILNERUFESIN, Haus,

RATT, IRISH, THESE WERE

THE Great in '88!

(LOVES EVERYBODY!)

MISS VINCEY

# WELL...THAT'S WHAT IT'S LIKE

*John Bastin, Dan Ellenberger, and Debbie Yanez attempt to sooth their knees after the collapsal of the pyrmaid.*

## it's the Colophon . . .

Walsworth Publishing Company printed 210 copies of the 1988 Edisonian year book.

The cover was printed on a 10¢ black background with process blue, yellow, red and aqua applied colors.

Endsheets were printed on a 30¢ Aqua background with all type, lines and artwork 100¢ aqua.

All copy was hand set and submitted with the pictures - camera-ready.

the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1995. The public sector has also become an important employer of women, with 50% of public sector employees being women in 1995.

There are a number of reasons why the public sector has become an important employer of women. One reason is that the public sector has a high proportion of female employees in the lower pay grades, which are often the most attractive to women. Another reason is that the public sector has a high proportion of female employees in the higher pay grades, which are often the most attractive to men. A third reason is that the public sector has a high proportion of female employees in the part-time and flexible work arrangements, which are often the most attractive to women.

The public sector has also become an important employer of women because of the increasing demand for public services. As the population ages, there is a growing need for public services such as health care, education, and social care. This has led to an increase in the number of public sector employees, and a corresponding increase in the number of women employed in the public sector.

There are a number of challenges facing the public sector in the future. One challenge is the need to attract and retain a diverse workforce. Another challenge is the need to provide high-quality public services. A third challenge is the need to manage the public sector's finances.

There are a number of ways in which the public sector can meet these challenges. One way is to invest in training and development. Another way is to improve the public sector's financial management. A third way is to improve the public sector's customer service.

There are a number of ways in which the public sector can attract and retain a diverse workforce. One way is to offer flexible work arrangements. Another way is to offer a competitive salary and benefits package. A third way is to offer a positive work environment.

There are a number of ways in which the public sector can provide high-quality public services. One way is to invest in infrastructure. Another way is to invest in human resources. A third way is to invest in technology.

There are a number of ways in which the public sector can manage its finances. One way is to reduce costs. Another way is to increase revenue. A third way is to improve the public sector's financial management.

There are a number of ways in which the public sector can improve its customer service. One way is to listen to customers. Another way is to respond to customer needs. A third way is to provide a high-quality customer service.

There are a number of ways in which the public sector can meet these challenges. One way is to invest in training and development. Another way is to improve the public sector's financial management. A third way is to improve the public sector's customer service.

There are a number of ways in which the public sector can attract and retain a diverse workforce. One way is to offer flexible work arrangements. Another way is to offer a competitive salary and benefits package. A third way is to offer a positive work environment.
